# Introduction

With economic conditions in the United States as they are, with all economists predicting that prices for live-stock and farm commodities will remain at or better than the levels at which they have been for the past several years, it behooves all breeders of pure-bred and commercial cattle to strengthen their position by replacement with good females and improvement of the quality of their cattle by the purchase of top quality bulls.

One of the best places to do this is at the SIOUX EMPIRE SHORTHORN CLUB SHOW & SALE, at the Sioux Empire Fair Grounds, Sioux Falls, S. D. on March 27, 1951. This sale has long been noted for the quality of cattle offered thru consignment auction and this year is no exception.

Shorthorn Bulls have proven themselves as improvers when used in cross breeding programs. Their calves show greater weight for age than other beef breeds and the quality of the Shorthorns to utilize farm roughages to greater advantage is also an accepted fact.

We have consigned to this sale - Shorthorn Bulls ranging in type from good farm bulls to bulls that the most exacting pure-bred breeder may purchase to head his herd. The females offered are both bred and open and of top quality. These cattle are from the finest Shorthorn herds in the Mid-west.

We cordially invite you to attend this show & sale.

SIOUX EMPIRE SHORTHORN CLUB INC.

Al Halverson, Secretary-Sales Manager

She was bred September 22, to Imp Targuahn President, as good a red bull as has been imported to this country, in a long time. We have received several tempting offers for him, but expect him to be one of the leading sires in this country.
